01 ROLES AND DATA

Who controls, who processes, and what

How data is handled for Growth Team clients, in plain language. The data processing agreement (DPA) and the mutual NDA signed at contract are the binding documents; this summary is not the contract.

You are the controller

You decide why and how your prospects' data is used. When the Growth Team contacts prospects on your behalf, you are the data controller.

Remote Pro Ai is the processor

We act on your instructions under a DPA designed for Saudi Arabia's Personal Data Protection Law (PDPL), with a consent log and a do-not-contact list for every account.

What we hold for you per meeting, and process on your instructions: the brief, the prospect's e-mail, the recording reference, the scorecard.

Recording	Calls in your name are recorded and summarised; recordings sit on the meeting card in your portal. PENDING LAWYER REVIEW

No work for a direct competitor

While you are a client, Remote Pro Ai does not work for your direct competitor in your city: sector exclusivity is written into the contract, not a verbal promise.

Credentials and portal data

Portal access is by username and password issued by Remote Pro Ai; keep them confidential. Accepted meetings, the two-deal clock and amounts due are computed by the contract rules and cannot be edited by hand.

Summary for information — subject to legal review before signing.
Items marked “Pending confirmation” or “Pending lawyer review” are being confirmed by the founder and our Saudi lawyer. The signed DPA, NDA and contract prevail over this summary.
